Don’t miss this opportunity to become a Sigma Xi sponsor and connect with distinguished leaders in science, engineering, and technology.

November 4–7, 2021

Virtual Event

www.sigmaxi.org/amsrc21
Engagement Opportunities

The 2021 Sigma Xi Annual Meeting and Student Research Conference is a collective examination of the state of scientific inquiry and a celebration of research excellence across science and engineering disciplines. The multifaceted event offers a variety of opportunities to promote your organization and showcase your brand to thousands of the world’s preeminent scientists, engineers, thought leaders, entrepreneurs, and emergent talent.

By becoming one of Sigma Xi’s exclusive conference sponsors today, you will have the opportunity to reach this unique community to showcase your products and services, express your commitment to excellence in scientific research, and show your support for the next generation of problem solvers.

We are excited to offer sponsorship packages that expand your brand's visibility beyond conference attendees and for up to four months. With our sponsored digital advertising strategy, you get exposure to an exclusive digital audience of an estimated 250,000 Sigma Xi and *American Scientist* website visitors wherever they are online. Choose the package that meets your budget and target audience. All packages include access to real time analytics that allow you to track impressions, clicks, and geographical locations of ads served.

About the Conference

The Sigma Xi Annual Meeting and Student Conference is the Society's premier international event that attracts distinguished researchers and exceptional students across STEM disciplines and career stages. The theme for this year's conference is Roots to Fruits: Responsible Research for a Flourishing Humanity—How scientific virtues serve society.

The 4-day virtual event will bring together researchers, ethicists, educators, and science communicators to examine what it means to conduct ethical, responsible research across science and engineering disciplines. The conference features keynote presentations, plenary sessions by Sigma Xi award winners, invited and contributed presentations, science communication and professional development workshops, networking opportunities, and multidisciplinary oral and poster presentations by exceptional researchers.
Our Attendees

Attendees of the Sigma Xi conference are well-educated, accomplished and affluent members of the science, engineering, education, and technology community including exceptional high school, undergraduate, and graduate students.

Employment Sector

- 89% Academia
- 10% Industry
- 1% Health Services

Discipline Distribution

- 41% Biological Sciences
- 19% Physical & Earth Sciences
- 12% Engineering
- 10% Health Sciences
- 5% Social Sciences
- 4% Math & Computer Science
- 9% Agriculture, Soil & Natural Resources

Our Reach in 2020

- 771K impressions on Twitter
- 780K impressions on Facebook
- 33.4K views of our YouTube videos
- 16K Impressions on LinkedIn

Followers

- 1 BILLION impressions on newspapers, radio, and blogs. 222,374 visitors to the website

Media Reach

- American Scientist: 45,500 Readership
- e-Newsletter: 40,000 Readership

Student Research Conference

Students from around the world come together to discover new ideas and share their research.

The conference allows high school, undergraduate, and graduate students worldwide to showcase their research; understand the practical applications of their work; explore career opportunities; gain recognition; and exchange ideas and network with luminaries from academia, government, and industry.

“The feedback I received on my experiment was really valuable and worthwhile.” - Student Presenter

STEM Art and Film Festival
November 7, 2021

"The greatest scientists are artists as well." — Albert Einstein

The Sigma Xi STEM Art and Film Festival culminates on the final day of the conference. The festival is open to the public at no cost.

The event showcases creative science-art collaborations and provides a platform to broadly communicate science through different engaging forms of visual and performing arts, including photography, painting, 3D visualization, videos, films, and documentaries.

The festival also brings together participants of #SciCommMake, a competition organized by Sigma Xi and Science Talk to form interdisciplinary teams of scientists, artists, and science communicators. The teams compete for funding to create innovative artwork and films that effectively communicate scientific evidence to the public.

Participants may choose to enter the festival competition, featuring monetary prizes of up to $500 in each of three categories: artwork, performing art, and film. The People’s Choice Award in each category is selected by a public vote.

**Becoming a sponsor of the STEM Art and Film Festival is a great way to demonstrate your commitment to promoting the public understanding of science and expands your reach beyond the scientific community.**

sponsorship@sigmaxi.org
Showcase Your University or Graduate Program

The Sigma Xi College and Graduate School Fair is a great way to connect with the best and brightest high school and undergraduate students who are interested in pursuing an undergraduate or graduate degree in science, technology, engineering, math, or health professions. The fair is held jointly with the Sigma Xi Student Research Conference. The 2021 conference will welcome 300–500 high achieving students from schools and colleges across the United States and worldwide.

Exhibitor Package

- One complimentary conference registration (up to $175 value)
- Customizable virtual booth
- Your organization’s logo and website link on the Sigma Xi website
- Promotion on Sigma Xi’s social media channels
- Two mentions in the Society’s electronic Newsletter (readership of 40,000)
- Opportunities for live chats with participating students
- Access to virtual networking events
- Opportunities to browse students’ presentations and connect with selected students
- Booth analytics

Exhibitor Pricing

Corporate booth – $500
Academic and non-profit booth – $250

Returning exhibitors from previous years receive a 20% discount.

Institutions with Sigma Xi chapters receive a 50% discount.

Digital Ad-Retargeting Sponsorship

INTELLIGENT MARKETING STARTS HERE

Maximize your presence with trackable and quantifiable digital exposure

Why Re-targeting?
Advertise directly to Sigma Xi’s or American Scientist’s website visitors. Get exposure to an estimated 250,000 digital audience wherever they are online. Enhance the value of your event sponsorship by priming our audience before, during, and after the event.

Quality Targeting
Ad re-targeting guarantees sustained, specific exposure to the exact qualified audience you’re trying to reach. Tap into Sigma Xi’s or American Scientist’s exclusive network rather than relying on broad, generic targeting on common ad platforms.

Quantifiable Results
Receive detailed reports that allow you to see your campaign results in real time including impressions, clicks, and geographical locations of ads served.
Guaranteed Digital Reach

Our audience becomes your audience with retargeting. Get exclusive direct access to Sigma XI's or American Scientist's website visitors and retarget them with your company's ads what will showcase your brand, anywhere they visit online.

Don't rely on broad, generic targeting on common ad platforms to market your company. Stand out with our organization's uniquely qualified audience.

Ad Sizes
Leaderboard: 728 x 90
Wide Skyscraper: 160 x 600
Square Pop-Up: 300 x 250

Sponsor provides artwork for ads in jpg or gif format: static images only, no flash.

Reports
Receive detailed reports that allow you to see your campaign results in real-time including impressions, clicks, and geographical locations of ads served.
