1. SIGMA XI, THE SCIENTIFIC RESEARCH HONOR SOCIETY

2. BYLAWS OF THE SOCIETY

3. BYLAW I. Activities of the Society. Activities appropriate to the fulfillment of the object of the Society include: the election to membership and associate membership in the Society of students, faculty members, investigators in research institutions and others who meet the requirements for membership set forth in Article II, Section 3 A and B of the Constitution; the maintenance of companionship among the membership in various fields of science through association with chapters; the holding of meetings for the discussion of scientific subjects; the publication of American Scientist and other publications devoted to the dissemination of scientific information, especially the results of research in progress; and the encouragement of scientific research through other means such as Grants-in-Aid of Research to individual investigators, the presentation of awards for excellence in research and the maintenance of the lectureship programs.

18. BYLAW II. Membership in the Society

19. SECTION 1. Membership of Chapters. A. Chapters. The membership of a chapter, subject to the requirements of Article IV, Section 1 of the Constitution, shall consist of the active Members and the active Associate Members who present satisfactory credentials showing election to membership in the Society, who request affiliation with the chapter and who are accepted by the chapter. They shall be recorded as such in the Headquarters of the Society.

20. B. Membership-at-Large. The membership-at-large, subject to the requirements of Article IV, Section 1 of the Constitution, shall consist of the active Members and the active Associate Members who are not affiliated with any chapter. They shall be recorded as such in the Headquarters of the Society.

32. In the expanding field of science, enumeration of those disciplines appropriate to membership in the Society is not possible as the sole basis for defining the criteria for membership. For this reason, nomination of an individual engaged in scientific research may be made provided that the nominee is, by the quantitative emphasis of the work combined with its synthesis and qualitative stature, deemed eligible for nomination.

33. B. Noteworthy Achievement. Noteworthy achievement in research specified for election or promotion to full membership, Article II, Section 3 A of the Constitution, must be evidenced by publications, patents, written reports or a thesis or dissertation. Membership in the
43. Society is neither linked to the possession of any degree nor contingent upon belonging to some other organization.

45. **C. Research Aptitude.** Research aptitude specified for election to associate membership, Article II, Section 3 B of the Constitution, must be evidenced by independent investigation. Associate membership is offered to encourage young investigators with promise to continue careers in research. In making the nomination for such membership, both the nominator and the seconder attest to the nominee’s potential for future promotion to Member.

52. **Section 3. Nomination and Election and Initiation Procedures.**

53. **A. Responsibility.** The Committee designated by the Board will have responsibility to set policy regarding nomination, election, and initiation procedures. Changes in policy will be communicated to the chapters for a comment period of not less than 30 days. After the comment period the changes may be revised for a new comment period. Should fifteen (15) or more chapters object to a policy change in writing and objections cannot be resolved in a new comment period, the policy change will be held in abeyance until the next Assembly of Delegates where it will be presented for vote. Otherwise the policy change will be implemented upon the close of the comment period.

54. **B. Honorary Members.** Honorary Members shall be initiated into the Society by the President, or by a person designated by the President, at a suitable ceremony.

57. **C. Pledge of the Society.** Members-elect and Associate Members-elect shall be informed of the aims and objectives of the Society, and shall be required to assent, either orally or in writing to the president of the electing chapter or the president’s deputy, or in writing to the Chair of the committee designated by the Board, to the following Pledge: "Do you hereby pledge yourself, in accordance with the purposes and objectives of Sigma Xi, The Scientific Research Honor Society, to encourage original investigations in science, to foster companionship and cooperation among scientists, to maintain honor, integrity and honesty in all scientific activities, and to assume the other continuing responsibilities of membership?" Members-elect and Associate Members-elect who attend a regular initiation are expected to have read the culture, mission and vision statements of the Society, whereupon they are admitted to membership in the Society.

82. **D. Certificate of Membership.** (i) Members and Associate Members. Upon admission to membership, each new Member or Associate Member shall receive a certificate of membership which
shall be in a form approved by the Assembly of Delegates, bear the
Seal of the Society, and be signed by the President of the Society, the
Executive Director, and the president and secretary of the electing
chapter or the Chair of the committee designated by the Board. Each
new Member or Associate Member shall also receive the official
emblem, or the authorization to secure such emblem.

(ii) Honorary Members. Honorary Members shall receive a
suitable certificate of membership approved by the Board of
Directors, bearing the Seal of the Society, and signed by the
President and the Executive Director.

Section 7. Changes in Membership Status. A. Active to Inactive
Active members who fail to comply with the provisions of Article
IV, Section 1 of the Constitution shall be transferred to inactive
membership, and shall be recorded as such in the Headquarters of the
Society.

B. Inactive to Active. An inactive member may, at any time and at
the member’s discretion, be returned to active membership by
complying with the provisions of Article IV, Section 1 of the
Constitution, and by indicating to the Headquarters of the Society the
chapter, or the membership-at-large, with which the member wishes
to be affiliated. Such change shall be recorded appropriately in the
Headquarters of the Society.

C. Emeritus Status. Once
Initiated into the Society and upon reaching the
age of 65 having been initiated at least 30 years ago a member,
full or associate, may upon retirement request emeritus status.
This status permits continued
active association with the Society as provided for in Bylaw IV,
Section 1 A (iii).

D. Policy on removal of Directors, Officers, or members.
Directors, Officers, or members can be dismissed for cause in
accordance with policy set by the Board of Directors. Changes in
policy will be communicated to the chapters for a comment period of
not less than 30 days. After the comment period the changes may be
revised for a new comment period. Should fifteen (15) or more
chapters object to a policy change in writing and objections cannot
be resolved in a new comment period, the policy change will be held
in abeyance until the next Assembly of Delegates where it will be
presented for vote. Otherwise the policy change will be
implemented upon the close of the comment period.

BYLAW III. Organization of the Society
Section 1. Chapters. A. Chapters. (i) Location and
Requirements for a Chapter. A chapter may be established by action of the Board of Directors, advised by a committee designated by the Board, at any location where scientific research is cultivated and promoted. Of considerable importance are evidences of official commitments to the development and support of research by the institution in the immediate and long-range future. Ordinarily locations approved for chapter status will be single educational, governmental, or industrial institutions whose permanency is reasonably assured. In some instances chapters may be approved at locations whose research strength and potential is dependent upon the combined research organizations of two or more institutions so situated physically that they can participate together as companions in zealous research.

Before any petitioning group can be recommended for chapter status, a committee designated by the Board shall ascertain by inquiry, study, and visits, where appropriate, if the conditions at the institution(s) involved are conducive to further scientific research.

(ii) The Petition. A petition for the granting of a charter for the establishment of a chapter shall be communicated to the Executive Director, who, in turn, shall refer it to the committee designated by the Board to determine the suitability of the petition. At least 10 active full or associate members, must agree in the petition to become members of the chapter. If the committee, by at least a three-fourths majority vote, recommends approval of the Board of Directors, and it, in turn, approves by a like vote, the Executive Director shall initiate the process of installation of a new chapter.

(iii) Chapter Charter. Each charter for the establishment of a new chapter shall be signed by the President and the Executive Director, and shall be presented by the installing officer to the petitioning group at a special installation ceremony arranged by the petitioning group in consultation with the Executive Director. The form of the charter is set forth in Bylaw III, Section 1 D (i) and (ii), below.

(iv) Affiliation with a Chapter. A Member or Associate Member, upon presenting satisfactory credentials showing election to membership in the Society, and complying with the provisions of Article IV, Section 1 of the Constitution, is entitled to appropriate membership in any chapter depending upon such relationship to the institution(s) hosting the chapter as said institution(s) may require.

(v) Revocation of a Chapter Charter. Any chapter not in good standing (Bylaw III, 1C) will be placed on probation for a one year period by the committee designated by the Board to oversee chapter
activities. If after one year on probation, a chapter has not returned
to good standing, the committee may initiate the necessary action for
revocation of the chapter's charter as indicated below. The charter of
a chapter may be revoked by the Board of Directors, by a three-
fourths majority vote of those present at a meeting of the Board,
provided the Board action was taken in response to a three-fourths
majority vote of the members of the committee present at a meeting
following a thorough investigation of the chapter concerned and the
taking of all possible remedial steps to preclude the necessity for
such action by the committee.

B. Good Standing of Chapters. The Committee designated by the
Board will have responsibility to set policy regarding good standing
of chapters. Changes in policy will be communicated to the chapters
for a comment period of not less than 30 days. After the comment
period the changes may be revised for a new comment period.
Should fifteen (15) or more chapters object to a policy change in
writing and objections cannot be resolved in a new comment period,
the policy change will be held in abeyance until the next Assembly
of Delegates where it will be presented for vote. Otherwise the
policy change will be implemented upon the close of the comment
period.

Charter Members and Charter Associate Members, conveying to
them and to their duly elected successors all the privileges and
responsibilities conferred by the Constitution of the Society; (list of
names)"
(ii) Second Paragraph. The second paragraph of the charter of a
chapter shall be in the following form:
"In witness whereof, the signatures of the President and the
Executive Director, together with the Seal of the Society, are
hereunto affixed on the ..........day of ..........in the year......."

E. Geographic Regions. Chapters located in North America are
assigned to the geographic region in which they are located.
Chapters located outside North America shall be assigned to a
geographic region by the Board of Directors after consultation with
the chapter. A chapter having special ties to a chapter in another
region may ask to be reassigned, and the Board of Directors shall act
on such requests. Once each decade the Board of Directors shall
evaluate the distribution of members and chapters within the
geographic regions and make appropriate changes to geographic
boundaries.

each geographic region and
constituency group at which time the delegates may meet and
conduct such discussions and business, including the election of a
Director, a member of the Committee on Nominations, and members
of the region or group nominating committees, as may be required.
The appropriate Director shall preside over each caucus. Directors
prepare agendas of matters to be discussed, which shall include
matters of interest to science and to the Society as a whole, as well as
matters specific to the interest of the geographic region or
constituency group. The Director may act as spokesperson for the
geographic region or constituency group at General Sessions of the

The Executive Director shall inform the chapters of the final date for submission of proposed resolutions, and invite the chapters to make their submissions through the Executive Director. (b) Motions and resolutions of a substantive nature offered by the Board of Directors, or motions and resolutions merely expressing the sense of the Assembly, such as commemorative resolutions, are exempt from this provision. (c) Proposals concerning resolutions of a substantive nature may be considered by the Assembly of Delegates for inclusion on the agenda of the next Assembly of Delegates, and a majority vote of the current Assembly of Delegates on such a proposal shall require that it be placed on the agenda of the next Assembly.
