

Anthony McGoron
Candidate for Treasurer
Biography

Description of relevant experience with budgeting and financial statements

I do not have formal training in accounting practices. My practical experience with formal budgeting and accounting is relatively modest. However, I served as chair of the Department of Biomedical Engineering at Florida International University where I was responsible for not only the department operating budget but also the proceeds from a \$10M endowment. This required budgeting, forecasting, conducting a trend analysis and tracking expenditures as the fiscal year nears an end, and providing year-end statements and reports. I was treasurer of FIU's Sigma Xi chapter for one year and now serve as Vice President. I served four years as national President of the Alpha Et Mu Beta Biomedical Engineering Honor Society. I was the treasurer of a Knight of Columbus council Home Company (managing a banquet hall and campground) for 2 years (1988-1999). I served as the Financial Secretary of a Knight of Columbus council from 2014-2019. I now serve as Associate Dean for Academic Affairs in the College of Engineering and Computing at Florida International University and am responsible for a modest budget for graduate student recruiting and graduate student teaching assistantships. I also serve as the Interim Direct of the School of Biomedical, Materials and Mechanical Engineering in the college.

Previous experience with Sigma Xi programs

I served as the treasurer of the FIU Sigma Xi Chapter from 2019-2020 and have been the Vice President of the chapter since 2020.
