

Basem William Biosketch

I am a hematologist/oncologist and a clinical/translational investigator with an internationally-recognized expertise in hematological malignancies, lymphoma, T-cell lymphomas, Cutaneous Lymphoma, drug development, blood and bone marrow transplantation and cellular therapy. I am a clinical inspector for the Foundation for the Accreditation of Cellular Therapy (FACT). I have been a PI/co-investigator/site PI on over 100 clinical trials in hematological malignancies and cell therapy. I have published over 80 peer reviewed articles, over 120 peer-reviewed abstracts, and 4 books chapters. I have previously served on the NCCN Guidelines expert panel in T-cell Lymphomas. I am certified by the American Board of Internal Medicine in Hematology, Oncology, Internal Medicine, and Hospice/Palliative Medicine.

I joined OhioHealth in March 2021 to help start a comprehensive Malignant Hematology and Blood and Marrow Transplant and Cellular Therapy Program. I am currently the inaugural clinical director of the BMT program and the medical director of Cell Therapy laboratory and Immune Effector Cell Program. I am also the inaugural John P. McConnell Endowed Chair for Cancer Research at OhioHealth. I am also the institutional principal investigator for the ALLIANCE at Riverside Methodist Hospital and Adjunct Professor at the Ohio State University College of Medicine
