

Dr. Pradnya Brijmohan Bhattad, MD, FACC, FSCAI

| Interventional and Nuclear Cardiologist |

Pronouns: she/her | **Email:** pradnyabhattachad20@gmail.com | **Phone:** +1 (786) 514-8805

Executive Profile

Interventional cardiologist with advanced subspecialty training and nationally recognized engagement across cardiovascular medicine, interventional cardiology, quality improvement, and digital health innovation. Demonstrates expertise in systems-based practice and implementation science, with a strong track record of designing and executing high-impact quality improvement initiatives using gap analysis and Plan–Do–Study–Act (PDSA) methodologies to drive measurable, scalable improvements in health care delivery.

Active contributor to national professional societies and federal advisory initiatives, with experience spanning healthcare policy, advocacy, clinical innovation, and academic medicine. Recognized for advancing equitable cardiovascular care, modernizing medical education, and leveraging digital health and data-driven strategies to optimize patient outcomes at scale.

Leadership & National Engagement

- **Voting Member**, International Committee, Society for Cardiovascular Angiography and Interventions (*May 2026 – April 2029*)
Selected to contribute to international strategy, policy direction, and global engagement initiatives within a leading interventional cardiology society.
- **Faculty Panelist**, SCAI Complex Coronary Interventions (CCI) (*June 2026*)
Invited expert faculty contributing to advanced discourse on complex coronary intervention strategies.
- **Editorial Fellow — Advocacy & Quality Improvement**, American College of Cardiology (*2022–2025*)
Nationally selected fellow contributing to policy-oriented scholarship, advocacy initiatives, and quality improvement discourse.
- **Physician Advisor**, Physician-Focused Payment Model Technical Advisory Committee (PTAC), U.S. Department of Health and Human Services (*2025*)
Appointed to advise on **federal healthcare payment model innovation and evaluation**, contributing clinical expertise to national policy frameworks.
Invited Expert Speaker — “Using Data to Empower Patients”
PTAC Public Meeting (Day 1, Session 2)
Participant Bio:
<https://aspe.hhs.gov/sites/default/files/documents/70a474375f731b69074ab93d101c0b61/PTAC-Sep-2025-Session-Participants-Bios.pdf>

Session Recording: Day 1, Part 3 PTAC Public Meeting | 09/08/2025. Youtube Link to expert speaker session : [Day 1, Part 3 PTAC Public Meeting | Using Data to Empower Patients Session 2 | 9.8. 2025 | ¾](#)

- **Reverse Mentor**, Federation of American Societies for Experimental Biology LEAD Program — DEAI Initiative (2024–Present)
Selected for leadership development initiative focused on diversity, equity, inclusion, and accessibility, contributing to institutional transformation through reverse mentorship.
- **Mentor**, American College of Cardiology Internal Medicine Program
Providing longitudinal mentorship to trainees pursuing careers in cardiovascular medicine.
- **Graduate Medical Education Committee Representative**, East Tennessee State University (2019)
Represented trainee body in institutional governance and academic policy discussions.
- **Academic Council Representative**, Grant Government Medical College, Mumbai (2012–2014)
Elected representative contributing to academic policy and institutional decision-making.

Clinical & Innovation Expertise

- Interventional cardiology with focus on complex coronary interventions and high-risk percutaneous coronary interventions (PCI)
- Nuclear cardiology and advanced cardiovascular imaging
- Peripheral endovascular interventions (arterial and venous)
- Mechanical circulatory support and management of critically ill cardiac patients
- Cardiovascular disease in women and sex-specific outcomes research
- Quality Improvement (QI): gap analysis, implementation science, and PDSA-driven systems transformation
- Digital health innovation, telemedicine, and clinical decision support systems
- Patient education, health literacy advancement, and patient-centered care models

Licensure

- Texas Medical Board — Full Medical License
- Missouri Board of Healing Arts — Full Medical License
- Virginia Board of Medicine — Full Medical License
- Minnesota Board of Medical Practice — Full Medical License
- Maharashtra Medical Council — Full Medical License (India)
- Drug Enforcement Administration (DEA) — Active Registration

Board Certifications

- American Board of Internal Medicine — Internal Medicine (*Certified 2021*)
- American Board of Internal Medicine — Cardiovascular Disease (*Certified 2024*)
- American Board of Internal Medicine — Interventional Cardiology (*Certified 2025*)
- Certification Board of Nuclear Cardiology — Certified (*2023*)
- Advanced Cardiovascular Life Support (ACLS) — Certified
- Basic Life Support (BLS) — Certified
- Educational Commission for Foreign Medical Graduates — Certified (*2017*)

Education & Training

- **Interventional Cardiology Fellowship**
Lahey Clinic, Beth Israel Lahey Health — Burlington, Massachusetts
Completed 2025
Faculty Staff; Instructor of Medicine, Tufts University School of Medicine — Boston
- **Cardiovascular Disease Fellowship**
Saint Vincent Hospital, University of Massachusetts Chan Medical School — Worcester, Massachusetts
Completed 2024
- **Internal Medicine Residency**
East Tennessee State University, Quillen College of Medicine — Johnson City, Tennessee
Completed 2021
Board Certified in Internal Medicine
- **Bachelor of Medicine, Bachelor of Surgery (MBBS)**
Grant Government Medical College & Sir J.J. Group of Hospitals — Mumbai, India
Completed 2017
Passed all professional examinations on first attempt with **multiple distinctions**
Awarded Best Outgoing Medical Student

Honors & Awards

- Sigma Xi — Inducted Member (*2024*)
- Mayo Clinic Scholarship — Interventional Cardiology Board Review (*2024*)
- Mayo Clinic Scholarship — Echocardiography Board Review (*2023*)
- Milestone Award for Systems-Based Practice — East Tennessee State University (*2021*)
- Caduceus Outstanding Resident Award Nominee (*2019, 2020*)
- Best Medical Student Award — Grant Government Medical College (*2015*)
- Merit Scholarship Recipient (Multiple Years) — Academic Excellence (*Full Tuition Support for entire Medical School*)

Professional Memberships & Society Affiliations

- American College of Cardiology (ACC)
 - Editorial Fellow, Advocacy & Quality Improvement (2022–2025)
 - Internal Medicine Mentor
 - Contributor to ACC FIT Newsletter
- Society for Cardiovascular Angiography and Interventions (SCAI) — Member (Since 2022)
- American Medical Association
- American College of Physicians
- American Heart Association
- American Society of Nuclear Cardiology (ASNC)
- National Lipid Association
- American Vein and Lymphatic Society
- Heart Failure Society of America
- American Federation for Medical Research — Member (2020, 2024, 2025)
- Massachusetts Medical Society — Member (2021–Present)
- Sigma Xi — Member at Large (Since 2024)
- Federation of American Societies for Experimental Biology — LEAD Program (2024–Present)

Academic, Editorial & Committee Engagement

- **Editorial Fellow**, Advocacy & Quality Improvement, American College of Cardiology (2022–2025)
- **Contributor**, ACC FIT Newsletter (Advocacy & Quality Improvement)
- **Graduate Medical Education Committee Representative**, East Tennessee State University (2019)
- **Healthy Lifestyles Class Committee Member**, East Tennessee State University (2019–2020)
- **Intern Boot Camp Committee Member**, East Tennessee State University (2019)
- **Academic Council Representative**, Grant Government Medical College (2012–2014)
- **Editorial Board Member**, Grant Government Medical College Magazine (2012–2014)
- **Indian Council of Medical Research Scholar** — Short-Term Studentship (2012)
- **ASNC Early Career Workgroup-Committee Member** (Selected in 2023)

Research Profiles

- **Google Scholar:** https://scholar.google.com/citations?user=D8t_sRIAAAAJ&hl=en
- **ResearchGate:** <https://www.researchgate.net/profile/Pradnya-Brijmohan-Bhattad>

Refer to the *Appendix* below for a full list of scholarly contributions and publications.

Volunteer & Community Engagement

- **Volunteer Medical Resident**, Providence Free Clinic for Uninsured Patients — Kingsport, Tennessee, USA (2019–2021)
Delivered comprehensive medical care to underserved and uninsured populations in a resource-limited clinical setting, contributing to equitable healthcare access and continuity of care.
- **Volunteer Medical Resident**, Johnson City Senior Center — Johnson City, Tennessee, USA (2020)
Provided clinical support and health guidance to geriatric populations, with emphasis on preventive care and chronic disease management.
- **Program Organizer**, Healthy Lifestyles Patient Education Initiative — East Tennessee State University (July 2019 – June 2020)
Designed and led structured educational programs promoting lifestyle modification, disease prevention, and patient empowerment through health literacy.
- **Volunteer Medical Student**, “Quit Tobacco Clinics” — Grant Government Medical College, Mumbai, India (November 2016 – April 2017)
Participated in targeted tobacco cessation initiatives, supporting behavioral counseling and public health interventions.
- **Volunteer Medical Student**, Malaria Surveillance Program — Grant Government Medical College & Mumbai Health Campaign, India (March 2015 – November 2015)
Contributed to epidemiological surveillance and community-based public health efforts aimed at malaria detection, prevention, and control.
- **Volunteer Medical Student**, Cancer Patients Aid Association — Mumbai, India (January 2014 – August 2014)
Supported patient-centered initiatives for individuals undergoing cancer treatment, including care coordination and psychosocial support.

Academic Service, Peer Review & Editorial Leadership

- **Peer Reviewer**, Multiple International Medical Journals
Selected reviewer for scientific manuscripts across Internal Medicine, Cardiology, and Interventional Cardiology, including subspecialties such as Congenital Heart Disease. Journals include: *Congenital Heart Disease*, *Journal of Investigative Medicine*, *Cureus Journal of Medical Sciences*, *SAGE Open Medical Case Reports*, *BMC*, and other **SAGE Publishing** journals.
- **Guest Editor**, *Frontiers in Health Services*
Invited to curate and oversee a special issue, contributing to scholarly direction and editorial decision-making.
- **Associate Editor**, *Frontiers in Disaster and Emergency Medicine* (April 2026–Present)
Appointed to editorial leadership role overseeing peer review processes, manuscript evaluation, and strategic academic content development.

National-Level Examination & Academic Distinction

- **Invited Board Examination Question Writer**, American Board of Internal Medicine (2026)
Selected to develop standardized examination content for internationally recognized board certification in **Cardiovascular Disease** and **Interventional Cardiology**, reflecting subject-matter authority and national-level academic trust.

Innovation & Intellectual Property

- **Patent Pending** (USPTO Application #63/927,642)
Worldwide Distributed Digital Healthcare Platform with Machine-Learning Triage and Provider Matching, Decentralized Credential Verification, Automated Regulatory Compliance Enforcement, Multi-Modal Consultation, Global Direct-Payment Integration, and AI-Orchestrated Remote Clinical Services

Developed an advanced, globally scalable digital health infrastructure integrating artificial intelligence, regulatory automation, and decentralized systems to transform access, delivery, and coordination of healthcare services.

Languages:

English, Hindi, Marathi, Sanskrit

Interests:

Hiking, badminton, tennis, nature photography, travel, writing
