# NOMINATION FOR MEMBERSHIP

## Type of Membership

Membership in Sigma Xi is by nomination and is conferred in one of two ways. While paraphrased here, the complete text of Article II, Section 3 can be viewed in the [Sigma Xi Constitution](#). Please indicate on the front of this form for which type of membership this nominee should be considered.

**Full Membership** is conferred upon any individual who has shown noteworthy achievement as an original investigator in a field of pure or applied science or engineering. This noteworthy achievement must be evidenced by publication as the primary author (defined in the manner appropriate to the discipline) on at least two different articles published in a refereed journal, patents, or refereed monographs. Dissertations and theses alone are not considered sufficient for demonstration of this achievement and must be accompanied by at least two other publications. Please see the appropriate sections of the Constitution and Bylaws for additional information. Only Full Members may nominate other candidates to the Society or vote in the annual Assembly of Delegates. In addition, only Full Members are eligible to serve on Sigma Xi committees or take office on the Board of Directors. **For nomination to Full Membership, either attach a CV or résumé OR provide a separate attachment with the following information:**

- ☐ Education: Institution(s), date(s), degree(s)
- ☐ Professional Positions: Institution(s), date(s), position title(s)
- ☐ Publications: Titles, authors, dates, source(s) (journal name, thesis, etc.)

**Associate Membership** is available to any individual who has, through initial research achievement in a field of pure or applied science, shown an aptitude for research, as evidenced by independent investigation ordinarily resulting in a written report. Associate membership is offered to encourage young investigators with promise to continue careers in research. **For nomination to Associate Membership, attach a brief statement regarding the nominee's involvement in research and potential research aptitude.**

**Promotion to Full Membership** is conferred upon any individual who, previously elected as an Associate Member, now satisfy the Full Membership qualifications. Promotion review will follow the same procedure as elections. Please see the Full Membership qualifications above. **For promotion to Full Membership, either attach a CV or résumé OR provide a separate attachment with the information listed under Full Membership above.**
